Bimini Top Installation is a simple process requiring only a drill with a 9/64 drill, Phillips head and flat screwdriver, pencil and roulette. Each package includes all the necessary installations and detailed installation instructions. The top is most easily done with two people. We recommend watching our bimini installation video, which provides helpful tips and informative overview of the installation process. Click here for a print PDF file containing an assembly and installation guide for 2-Bow, 3-Bow and 4-Bow Round Tube Aluminum Tops, 4-Bow Square Tube Aluminum Tops, Stainless Steel Tops and Universal Tower tops. Also included are helpful instructions for installing accessories such as bracket kits and slide track. Putting Bimini top on the boat is an easy DIY project that can save your skin this summer.
